**Subject:** TCEQ - Debris

Spoke with Jason Neumann, TCEQ acting On-Scene Coordinator (254-366-3942).

He directed me to the TCEQ website and the debris management plan which has been presented to the City of West. They have identified numerous landfills as well as considering opening a previously closed one to begin disposal operations. They will accept and are allowing segregated debris, household hazardous waste, animal carcasses, demolition (C/D) debris. See link for more details.
